Routing Issues

...

There are many issues of MANETs that makes QoS based multicast routing a challenging task for research community. Some of these issues

Online Library A Survey Of

are summarized
as follows [13,
14, 18]: i)

Robustness: Link failures are very common issue in Ad hoc networks due to high mobility of nodes, which results in a low packet delivery ratio.

Online Library A Survey Of

A Survey of Issues in Supporting QoS based Multicast

...

One of the major challenges in a MANET, is to design the robust routing algorithms.

Routing is an essential and major concern

Online Library A Survey Of

Routing Issues
And Ocated
Protocols In
for effective
and reliable
communication
between mobile
nodes in a
MANET. We
present a survey
of the main
types of routing
protocols and
some security
related issues
of MANETs.

Online Library A Survey Of Routing Issues Protocols and Security Issues in MANET: A Survey ...

In the following, a survey of MAC routing mechanisms in WSN is presented and discussed. One of the most important issues

Online Library A Survey Of

Routing Issues
And Related
Protocols In
in WSN is the
issue of energy
efficiency of
the routing

protocols. The
importance of
this issue stems
from the fact
that the nodes
have usually a
life time and
this life time
can be extended
by saving more

Online Library A Survey Of energy by using efficient routing techniques.
