AAPC's CPB™ Certification Study guide is specifically designed to help individuals prepare for the CPB™ exam. The CPB™ study guide contains fourteen chapters to review each section of the CPB™ exam in detail and provides practical examples, sample questions, and test taking techniques. Topics include healthcare regulations pertinent to medical billing; insurance modules and consumer driven health plans; the patient registration process and data capture; the basics of ICD-10-CM, CPT®, and HCPCS coding; medical necessity; medical claim forms and the billing process; accounts receivable and the collection process; and detail on government carriers, common commercial carriers, and workers ' compensation. If you have billing experience or have successfully completed medical billing training, this study guide will optimize exam preparation. The study guide is not an introduction to billing but a review of billing concepts. Key Features: - Practical Examples - Testing Techniques for CPB™ exam - Questions designed to mimic the CPB™ certification exam - Each chapter includes ten review questions geared to test important concepts - Study guide written by same task force who wrote the CPB™

exam - 50 question practice test, including cases, with answers and rationales AAPC's CPB™ Online Practice Exams are highly recommended to supplement this study guide. These online practice exams will add an additional 150 questions to your preparation.
