lie. Based on the novel by Louise Doughty. Watch all your favourite ABC programs on ABC iview.

'Once you start you can't stop reading. Terrific.' HELEN DUNMORE Yvonne Carmichael has worked hard to achieve the life she always wanted: a high-flying career in genetics, a beautiful home, a good relationship with her husband and their two grown-up children. Then one day she meets a stranger at the Houses of Parliament and, on impulse, begins a passionate affair with him - a decision that will put everything she values at risk. At first she believes she can keep the relationship separate from the rest of her life, but she can't control what happens next. All of her careful plans spiral into greater deceit and, eventually, a life-changing act of violence. Apple Tree Yard is a psychological thriller about one woman's adultery and an insightful examination of the values we live by and the choices we make, from an acclaimed writer at the height of her powers.

Sitting in a courtroom after being charged with murder, a geneticist and happily married mother of two reflects on her affair with a secret lover who claimed a connection to the British government and who seduced her with an irresistible combination of sexual power, justice and revenge. By the award-nominated author of *Whatever You Love*. 50,000 first printing.

Soon To Be a STARZ Mini-Series, Starring Emily Watson Yvonne Carmichael sits in the witness box. The charge is murder. Before all of this, she was happily married, a successful scientist, a mother of two. Now she is a suspect, squirming under florescent lights and the penetrating gaze of the alleged accomplice who is sitting across from her, watching: a man who is also her lover. As Yvonne faces hostile questioning, she must piece together the story of her affair with this unnamed figure who has charmed and haunted her. It is a tale of sexual intrigue and ruthless urges—and of danger, which has blindsided her from a seemingly innocuous angle. Here, in the courtroom, everything hinges on one night in a dark alley called Apple Tree Yard. Shot through with suspense and masterfully paced, Louise Doughty's novel is "a must read . . . if you liked *The Silent Wife*, you'll fall hard for *Apple Tree Yard*" (AARP).

'Louise Doughty leads her unnerved readers into dark territory.' Hilary Mantel 'Utterly mesmerizing, with the pace of a thriller and a sense of profound mystery in the most ordinary of settings. I was hooked from its start to its nerve-racking, surprising finish' Deborah Moggach The new novel from Sunday Times bestselling author Louise Doughty Platform Seven at 4am: Peterborough Railway Station is deserted. The man crossing the covered walkway on this freezing November morning is confident he's alone. As he sits on the metal bench at the far end of the platform it is clear his choice is strategic - he's as far away from the night staff as he can get. What the man doesn't realise is that he has company. Lisa Evans knows what he has decided. She knows what he is about to do as she tries and fails to stop him walking to the platform edge. Two deaths on Platform Seven. Two fatalities in eighteen months - surely they're connected? No one is more desperate to understand what connects them than Lisa Evans herself. After all, she was the first of the two to die.

From the author of Apple Tree Yard, a masterful thriller about espionage, love, and redemption John Harper is in hiding in a remote hut on a tropical island. As he lies awake at night, listening to the rain on the roof, he believes his life may be in danger. But he is less afraid of what is going to happen than of what he's already done. In a local town, he meets Rita, a woman with her own tragic history. They begin an affair, but can they offer each other redemption? Or do the ghosts of the past always catch up with us in the end? Moving between Europe during the Cold War, Civil Rights-era California, and Indonesia during the massacres of 1965 and the subsequent military dictatorship, Black Water explores some of the darkest events of recent history through the story of one troubled man. In this gripping follow-up to Apple Tree Yard, Louise Doughty writes with the intelligence, vivid characterization, and moral ambiguity that make her fiction resonate in the reader's mind long after the final page.

Longlisted for the Orange Prize and Shortlisted for the Costa Novel Award, Louise Doughty's hauntingly beautiful investigation of love, loss, and revenge is a literary page-turner that will linger in your mind far after the cover closes. When a hit-and-run car crash claims Laura's daughter Betty, her life is turned upside down. life's greatest questions hang in the balance.

The Last Enchantments is a powerfully moving and lyrically written novel. A young American embarks on a year at Oxford and has an impassioned affair that will change his life forever. After graduating from Yale, William Baker, scion of an old line patrician family, goes to work in presidential politics. But when the campaign into which he's poured his heart ends in disappointment, he decides to leave New York behind, along with the devoted, ambitious, and well-connected woman he's been in love with for the last four years. Will expects nothing more than a year off before resuming the comfortable life he's always known, but he's soon caught up in a whirlwind of unexpected friendships and romantic entanglements that threaten his safe plans. As he explores the heady social world of Oxford, he becomes fast friends with Tom, his snobbish but affable flat mate; Anil, an Indian economist with a deep love for gangster rap; Anneliese, a German historian obsessed with photography; and Timmo, whose chief ambition is to become a reality television star. What he's least prepared for is Sophie, a witty, beautiful and enigmatic woman who makes him question everything he knows about himself. For readers who made a classic of Richard Yates's *A Good School*, Charles Finch's *The Last Enchantments* is a sweeping novel about love and loss that redefines what it means to grow up as an American in the twenty-first century.

'Captivating and beautifully written.' *Mirror* From the bestselling author of *Apple Tree Yard* comes this story of three generations of one Romany family in England, as they face family life, love and marriage along with the changes and upheavals for Travelling people at the turn of the nineteenth century. Clementina Smith is just a young girl when she gives birth to her illegitimate son, Elijah, in a graveyard in Victorian Cambridgeshire. Others have been put out on the highroad for less, but Clementina's parents stick by her and Elijah grows up greatly loved by his small but tight-knit family. But then he meets Rose, a non-Romany girl. Based on Louise Doughty's own family history, *Stone Cradle* is a love triangle between a mother, a son and his wife that asks whether the Romany spirit and traditions can survive as rural Britain moves into the modern world.

Fires In the Dark reveals the highly secretive and misunderstood world of the coppersmith gypsies. In 1927, when prosperity still reigns in Central Europe, Yenko is born to two Coppersmith Gypsies. His parents, Josef and Anna, are nomads who raise their son during the relative calm of the Great Depression of the 1930s. Soon, though, dangerous times threaten to unsettle their family, as their heritage makes them vulnerable targets for ethnic cleansing. As Germany invades Czechoslovakia and the conflicts of World War II begin to unfold, Yenko and his parents become fugitives, forced on a journey that promises only great uncertainty and offers survival as a remote possibility. In the course of their flight, the

burden of an ancient tradition rests entirely on Yenko's shoulders. In capturing the desperation and perseverance of one family during an extraordinary time in history, Louise Doughty pays powerful homage to an insular and little-known culture.
