Real-Time Situational Awareness with BFT2. By upgrading the US Army and Marine Corps Blue Force Tracking network, Viasat brings real-time situational awareness and better networking capabilities to the warfighter with BFT2. The next-generation Blue Force Tracking 2 network and transceivers provide dramatic improvements in situational awareness through faster Position Location Information (PLI) refresh rates and timely Command & Control (C2) communications across the battlefield compared to ...

Viasat

My unit just got fielded the new BFT TOC kit

(AN/GYK-62C). I'm trying to find an updated

component/NSN list to see

what all has been upgraded

from the B model. Right off

the top I noticed the

toughbook is now 250GB

rather than 60 or 80. I'm

not sure exactly what else

is different though.
