"Revelatory, terrifying, but, ultimately, hopeful." -Elizabeth Kolbert, Pulitzer Prize-winning author of THE SIXTH EXTINCTION From the author of Junkyard Planet, a journey into the surprising afterlives of our former possessions. Downsizing. Decluttering. Discarding. Sooner or later, all of us are faced with things we no longer need or want. But when we drop our old clothes and other items off at a local donation center, where do they go? Sometimes across the country-or even halfway across the world-to people and places who find value in what we leave behind. In Secondhand, journalist Adam Minter takes us on an unexpected adventure into the often-hidden, multibillion-dollar industry of reuse: thrift stores in the American Southwest to vintage shops in Tokyo, flea markets in Southeast Asia to used-goods enterprises in Ghana, and more. Along the way, Minter meets the fascinating people who handle-and profit from-our rising tide of discarded stuff, and asks a pressing question: In a world that craves shiny and new, is there room for it all? Secondhand offers hopeful answers and hard truths. A history of the stuff we've used and a contemplation of why we keep buying more, it also reveals the marketing practices, design failures, and racial prejudices that push used items into landfills instead of new homes. Secondhand shows us that it doesn't have to be this way, and what really needs to change to build a sustainable future free of excess stuff.

Russian Society and the Orthodox Church examines the Russian Orthodox Church's social and political role and its relationship to civil society in post-Communist Russia. It shows how Orthodox prelates, clergy and laity have shaped Russians' attitudes towards religious and ideological pluralism, which in turn have influenced the ways in which Russians understand civil society, including those of its features - pluralism and freedom of conscience - that are essential for a functioning democracy. It shows how the official church, including the Moscow Patriarchate, has impeded the development of civil society, while on the other hand the non-official church, including nonconformist clergy and lay activists, has promoted concepts central to civil society.

Masterful and macabre short fiction from the New York Times–bestselling author of *Swan Song*. Father John has lived his whole life without knowing a woman ' s touch. Hard at first, his self-denial grew easier over time, as he learned to master his urges with a regimen of prayer, cold showers, and jigsaw puzzles. That changed the day that Debra Rocks entered his confessional. A rough-talking adult film actress, she has come to ask him to pray for a murdered costar. Her cinnamon perfume infects Father John, and after she departs he becomes obsessed. Around the corner from his church is a neon-lit alley of sin. He goes there hoping to save her life before he damns himself. That is " Blue World, " the novella that anchors this collection of chilling stories by Robert R. McCammon. Although monsters, demons, and murderers fill these pages, in McCammon ' s world the most terrifying landscape of all is the barren wasteland of a lost man ' s soul.

Ribbon of Love is a beautiful romantic story of colonial America woven within the framework of history. Because so much of the story is based on actual people and events from the Eastern Shore of Virginia, it is like the print version of a docudrama. An Appendix at the end of the book delineates the facts from fiction by chapter. "Faced with possible torture for their religious beliefs, Henry and Mary Pattenden flee 17th century England, experience a perilous trip across the Atlantic only to arrive on the barbaric shores of pre-Revolutionary War America where they endure further hardships in the colonial and primitive days of America with Indian massacres, illness, death, loneliness, love and greed to practice their Christian faith in this historical novel."

"You can be lonely anywhere, but there is a particular flavor to the loneliness that comes from living in a city, surrounded by thousands of strangers. *The Lonely City* is a roving cultural history of urban loneliness, centered on the ultimate city: Manhattan, that teeming island of gneiss, concrete, and glass. What does it mean to be lonely? How do we live, if we're not intimately involved with another human being? How do we connect with other people, particularly if our sexuality or physical body is considered deviant or damaged? Does technology draw us closer together or trap us behind screens? Olivia Laing explores these questions by travelling deep into the work and lives of some of the century's most original artists, among them Andy Warhol, David Wojnarowicz, Edward Hopper, Henry Darger and Klaus Nomi. Part memoir, part biography, part dazzling work of cultural criticism, *The Lonely City* is not just a map, but a celebration of the state of loneliness. It's a voyage out to a strange and sometimes lovely island, adrift from the larger continent of human experience, but visited by many - millions, say - of souls"--
