they use the power to do good, to save others. But with every heroic act, the power grows into the specter of a curse. How to decide who lives and who dies? In this nail-biting novel of mystery and dark intrigue, Jacob must walk the razor thin line between right and wrong, good and evil, and life and death. And time is running out. Because the Grim Reaper doesn't disappear. . . . He catches up.

young woman who is perfectly content growing up in the untamed frontier. But days spent working on complex automata with her father or stalking her brother Michael with her Martian nanny is not the proper behavior of an English lady. Now, Arabella must find passage to an enemy-controlled planet in the middle of a war, bribe or fight her way past vicious guards, and rescue her Captain. To do this she must enlist the help of the dashing privateer, Daniel Fox of the Touchstone and build her own clockwork navigational automaton in order to get to Venus before the dread French general, Joseph Fouché, the Executioner of Lyon. Once on Venus, Arabella, Singh, and Fox soon discover that Napoleon has designed a secret weapon, one that could subjugate the entire galaxy if they can't discover a
