— Marcus Luttrell, quote from Lone Survivor: The Eyewitness Account of Operation Redwing and the Lost Heroes of SEAL Team 10 "These men of the special forces have had other optinos in their lives, other paths, easier paths they could have taken. But they took the hardest path, that narrow causeway that is not for the sunshine patriot.

Four US Navy SEALs departed one clear night in early July 2005 for the mountainous Afghanistan-Pakistan border for a reconnaissance mission. Their task was to document the activity of an al Qaeda leader rumored to be very close to Bin Laden with a small army in a Taliban stronghold. Five days later, only one of those Navy SEALs made it out alive. This is the story of the only survivor of Operation Redwing, SEAL fire team leader Marcus Luttrell, and the extraordinary firefight that led to the largest loss of life in American Navy SEAL history. His squadmates fought valiantly beside him until he was the only one left alive, blasted by an RPG into a place where his pursuers could not find him. Over the next four days, terribly injured and presumed dead, Luttrell crawled for miles through the mountains and was taken in by sympathetic villagers who risked their lives to keep him safe from surrounding Taliban warriors. A born and raised Texan, Marcus Luttrell takes us from the rigors of SEAL training, where he and his fellow SEALs discovered what it took to join the most elite of the American special forces, to a fight in the desolate hills of Afghanistan for which they never could have been prepared. His account of his squadmates' heroism and mutual support renders an experience that is both heartrending and life-affirming. In this rich chronicle of courage and sacrifice, honor and patriotism, Marcus Luttrell delivers a powerful narrative of modern war.

The inspiration for a major motion picture by Mark Wahlberg: A Navy SEAL's firsthand account of American heroism during a secret military operation in Afghanistan. On a clear night in late June 2005, four U.S. Navy SEALs left their base in northern Afghanistan for the mountainous Pakistani border. Their mission was to capture or kill a notorious al Qaeda leader known to be ensconced in a Taliban stronghold surrounded by a small but heavily armed force. Less than twenty-four hours later, only one of those Navy SEALs remained alive. This is the story of fire team leader Marcus Luttrell, the sole survivor of Operation Redwing, and the desperate battle in the mountains that led, ultimately, to the largest loss of life in Navy SEAL history. But it is also, more than anything, the story of his teammates, who fought ferociously beside him until he was the last one left-blasted unconscious by a rocket grenade, blown over a cliff, but still armed and still breathing. Over the next four days, badly injured and presumed dead, Luttrell fought off six al Qaeda assassins who were sent to finish him, then crawled for seven miles through the mountains before he was taken in by a Pashtun tribe, who risked everything to protect him from the encircling Taliban killers. A six-foot-five-inch Texan, Leading Petty Officer Luttrell takes us, blow by blow, through the brutal training of America's warrior elite and the relentless rites of passage required by the Navy SEALs. He transports us to a monstrous battle fought in the desolate peaks of Afghanistan, where the beleaguered American team plummeted headlong a thousand feet down a mountain as they fought back through flying shale and rocks. In this rich, moving chronicle of courage, honor, and patriotism, Marcus Luttrell delivers one of the most powerful narratives ever written about modern warfare -- and a tribute to his teammates, who made the ultimate sacrifice for their country.

Marcus Luttrell, author of the #1 bestseller Lone Survivor, share war stories about true American heroism from himself and other soldiers who bravely fought alongside him. Navy SEAL Marcus Luttrell returned from his star-crossed mission in Afghanistan with his bones shattered and his heart broken. So many had given their lives to save him -- and he would have readily done the same for them. As he recuperated, he wondered why he and others, from America's founding to today, had been willing to sacrifice everything—including themselves—for the sake of family, nation, and freedom. In Service, we follow Marcus Luttrell to Iraq, where he returns to the battlefield as a member of SEAL Team 5 to help take on the most dangerous city in the world: Ramadi, the capital of war-torn Al Anbar Province. There, in six months of high-intensity urban combat, he would be part of what has been called the greatest victory in the history of U.S. Special Operations forces. We also return to Afghanistan and Operation Redwing, where Luttrell offers powerful new details about his miraculous rescue. Throughout, he reflects on what it really means to take on a higher calling, about the men he's seen lose their lives for their country, and the legacy of those who came and bled before. A thrilling war story, Service is also a profoundly moving tribute to the warrior brotherhood, to the belief that nobody goes it alone, and no one will be left behind.

Marcus Luttrell's blockbuster bestseller, Lone Survivor—soon to be a major motion picture—tells the story of Operation Red Wings, in which four U.S. Navy SEALs were inserted into the mountains of eastern Afghanistan with the task of collecting intelligence and finding—or killing—a top al Qaeda commander. The SEALs were ambushed by over one hundred Taliban fighters and a horrific battle ensued. The rescue helicopter carrying eight SEALs was shot down by a reported Rocket Propelled Grenade (RPG), killing them instantly and erasing any hope for the SEALs already on the ground. Luttrell was the only survivor. OPERATION RED WINGS is an in-depth examination of the recovery mission to rescue Luttrell, filled with never-before-told details and shocking new revelations. Author Peter Nealen (former USMC Force Recon) and the team at SOFREP have an expansive network within the Special Operations community, providing them with access to exclusive interviews, after action reports, military intel and previously untold accounts of the rescue mission. Nealen and his team have uncovered eyewitness reports that put the "official" story into question as to how the initial rescue helicopter was shot down. If true, this potential coverup will have had severe consequences on subsequent helicopter insertion operations and put lives at risk. Complete with a foreword by former Navy SEAL Brandon Webb, this is a must-have companion to the blockbuster book and upcoming film. (12,000 words)

Patrick Robinson, coauthor of the #1 New York Times bestseller Lone Survivor and "preeminent writer of modern naval fiction" (The Florida Times Union) shares the gripping untold story of Mohammed Gulab, the Afghani warrior who defied the Taliban and saved the life of American hero and Navy SEAL Marcus Luttrell. Bestselling author Patrick Robinson helped Marcus Luttrell bring his harrowing story of survival to the page and the big screen with Lone Survivor. But the Afghani man who saved his life was always shrouded in mystery. Now, with The Lion of Sabray, Robinson reveals the amazing backstory of Mohammed Gulab—the brave man who forever changed the course of life for his Afghani family, his village, and himself when he discovered Luttrell badly injured and barely conscious on a mountainside in the Hindu Kush just hours after the firefight that killed the rest of Luttrell's team. Operating under the 2,000-year-old principles of Pashtunwali—the tribal honor code that guided his life—Gulab refused to turn Luttrell over to the Taliban forces that were hunting him, believing it was his obligation to protect and care for the American soldier. Because Gulab was a celebrated Mujahedeen field commander and machine-gunner who beat back the Soviets as a teenager, the Taliban were wary enough that they didn't simply storm the village and take Luttrell, which gave Gulab time to orchestrate his rescue. In addition to Gulab's brave story, The Lion of Sabray cinematically reveals previously unknown details of Luttrell's rescue by American forces—which were only recently declassified—and sheds light on the ramifications for Gulab, his family, and his community. Going beyond both the book and the movie versions of Lone Survivor, The Lion of Sabray is a must-read for anyone who wants to know more about the brave man who helped the Lone Survivor make it home.

Lt. Michael Patrick Murphy, commander of Navy SEAL Team 10, posthumously received the Congressional Medal of Honor for his heroic actions on 28 June 2005 during a fierce battle with Taliban fighters in the remote mountains of eastern Afghanistan. Michael was the first recipient of the nation's highest military honor as a result of U.S. involvement in Afghanistan. He was also the first naval officer to earn the medal since the Vietnam War, and the first SEAL to be honored posthumously. A young man of great character, he is the subject of Naval Special Warfare courses on leadership, and an Arleigh Burke-class guided missile destroyer, naval base, school, post office, ball park, and hospital emergency room have all been named in his honor. In his bestselling book, Marcus Luttrell, the only survivor of Operation Red Wings, called Michael "the best officer I ever knew, an iron-souled warrior of colossal, almost unbelievable courage in the face of the enemy." SEAL of Honor tells the story of Michael's life and how he came to be that man of selfless courage and honor. This biography argues that his heroic action during the deadly firefight with the Taliban revealed his true character and attempts to answer why Michael readily sacrificed his life for his comrades. SEAL of Honor is the story of a valiant young man who was recognized by his peers for his compassion and leadership, because he was guided by an extraordinary sense of duty and responsibility. Tracing Michael's journey from a seemingly ordinary life on New York's Long Island to that remote mountainside in Afghanistan, SEAL of Honor portrays how he came to the moment of extraordinary heroism that made him the most celebrated Medal of Honor recipient since WWII. Moreover, the book brings the Afghan war back to the home front, focusing on the tight-knit Murphy family and the devastating effect his death had on them as they watched the story of Operation Red Wings unfold in the news. The book attempts to answer why Michael's service to his country and his comrades was a calling faithfully answered, a duty justly upheld, and a life, while all too short, well lived.

With a postscript describing SEAL efforts in Afghanistan, The Warrior Elite takes you into the toughest, longest, and most relentless military training in the world. What does it take to become a Navy SEAL? What makes talented, intelligent young men volunteer for physical punishment, cold water, and days without sleep? In The Warrior Elite, former Navy SEAL Dick Couch documents the process that transforms young men into warriors. SEAL training is the distillation of the human spirit, a tradition-bound ordeal that seeks to find men with character, courage, and the burning desire to win at all costs, men who would rather die than quit.

The co-author of Lone Survivor presents a dramatic, behind-the-scenes account of the capture of the "Butcher of Fallujah" by three Navy SEALs, tracing their subsequent endurance of prisoner abuse charges and their long efforts to clear their names.
