The Student ' s Guide to Becoming a Nurse is an essential guide for all student nurses who want to become competent practitioners. It explores the knowledge, skills and attitudes that all pre-registration nursing students must acquire by the end of their programme of study, enabling them to become confident, successful nurses. Thoroughly re-written and updated to include the latest 2010 NMC standards for pre-registration nursing education, this invaluable textbook is divided into four key sections: Professional values Communication and interpersonal skills Nursing practice and decision making Leadership, management and team working With case studies, top tips, activities and questions throughout, The Student's Guide to Becoming a Nurse is ideal for all pre-registration nurses and those about to qualify.

Myles Professional Studies for Midwifery Education and Practice Concepts and Challenges explores the non-clinical areas of the midwifery curriculum (e.g. law, ethics, leadership, employer-led supervision and professional development) in a helpful, user-friendly format brought to readers by a team of experts under the guidance of Jayne Marshall, editor of Myles Textbook for Midwives. The volume will be suitable for all student midwives, whether undertaking pre-registration education programmes or post-graduate studies, as well as practising midwives preparing for revalidation and/or undertaking CPD. Whilst prepared predominantly by contributors from the UK, Myles Professional Studies for Midwifery Education and Practice Concepts and Challenges will be suitable for an international readership. Specialist contributors ensure accuracy and currency of key information Underlying theory supported by a rich array of helpful learning features such as ' real-life ' case studies and reflective activities Includes the latest initiatives such as employer-led
