questions in this book are similar to the ones asked in the actual Test. How should we know? We know, because although we have been working as SAP Consultants for many years, We have recently certified with the latest version of the Development Certification test. Before you start here are some Key features of the Development Certification Exam. This certification test verifies the knowledge in the area of the SAP PI for the consultant profile of an Development Associate. - This certificate builds on the basic knowledge gained by a consultant and preferably refined by practical experience

'tick box' next to them. This allows you to select multiple answers. - You are not allowed to use any reference materials during the certification test (no access to online documentation or to any SAP system). Clearing the Certification will not automatically lead you to a job. However a Certification with some project experience will certainly open a lot of doors for you. So if you have little or no experience, you should get yourself certified, get some project experience, and then the whole of the SAP World open for you to explore. Helping you with the first step on you ladder to success is this book! Some
