notion of the Temporary Autonomous Zone was meant as a contribution to a desired third way, a kind of evasion of the dialectic, an alternative to both Capital and Ideology. With the collapse of the USSR in 1989, the old historical dialectic also imploded, although no one really seemed to notice till about 1991 and the first Gulf War.

The temporary autonomous zone, or TAZ, developed out of a historical review of these pirate utopias and went on to become a cornerstone of 19th century anarchist philosophy. Recently, autonomous zones have consumed the public imagination as police violently crack down on Black Lives Matter protests in major cities across America.
